

Worship Sharing Group Locations (Rev. #3)

Groups are named with words (aviation letters) to avoid confusion with apartment numbers. These names are used on the maps.

Suggestions:

- Assign people who can't walk distances to last the 3 groups, which are in the church.
- Designate someone (often the host) to lead each group going to Friends House.
- Take care to account for the host(s) in apartment groups, who may or may not be present or raise their hands in plenary. See names below.
- First assign all listed seats (8 per location, total of 112); then if more want to participate, distribute them evenly to the groups which can hold more: Juliet, Kilo, Mike, and November.

Announcements:

Please do not join a Friends House apartment group unless you were assigned to that group, because there would likely not be enough places for everyone to sit (all available seats have been used).

If you opt out but change your mind, join a group in the church, or F.H. Library or Art Room. These locations have more available seats.
