### Notes on Accessibility:

\* The *Outdoor Classroom* is under an oak tree. Not wheelchair accessible, but "should be" walkable with a cane. Seating is on four fixed wooden benches arranged in a square. Barnaby says it is small enough to be intimate for 10-12 people.

\*\* Not wheelchair accessible (up a flight of stairs)

The *High School* is above the campgrounds, reachable only by car (via the main highway), or on foot (a vigorous hike on dirt roads).

We hope to set up a volunteer car-shuttle system to & from the HighSchool.
